Message from the Headteacher

There is no doubt that we are living in interesting times and that the last couple of years have been turbulent: Brexit, the impact of the pandemic, the Ukrainian Russian conflict, the climate emergency, the deteriorating economic situation and the prospect of a new Prime Minister and the third Education Secretary in as many weeks!

However, we need to be optimistic, put our trust in the Lord and take the opportunity to work together as a community. Things will get better and we will support each other as best we can. The parable of the Good Samaritan in Sunday's gospel reminds us that everyone is our neighbour.

Last week was possibly the busiest of our school year to date. I listened in the Staff Briefing as we were told about: the homegrown performance of Lord of the Flies, by a cast of pupils; the Duke of Edinburgh expedition and the Adventure Trip to Wales, the Year 11 paintballing trip; and, visits from Years 5 and 6 from neighbouring primary schools. The End of year exams are coming to a close for Years 7-10 and a number of local trips are being organized including a visit to the Science Museum; clearly, we are not winding down quietly at Salvatorian College. We still have our sports day to come, which is eagerly anticipated.

The final Governing Board meeting for the Academy Year was held last week. We give particular thanks for the adept leadership of the retiring Chair, Mr. John McAleer, who has worked tirelessly in the background to support the improvements the school has enjoyed over that last eight years.

Overall, we are pleased with the way that the year has progressed. Although Covid is still with us (increasing numbers of boys and staff are testing positive), the operation of the school has gone back to normal and we are pleased that the vast majority of the pupils have 'caught up'. Thank you to parents for all the help and support you have given your child. We are looking to complement this with extra interventions and bespoke support during the Summer School week.

I remind parents again that if they feel their child is falling behind or they have concerns, they should contact Mr Evans, Head of Teaching and Learning to see what extra support can be provided.

We sadly say goodbye to a number of staff: Ms Dickson, Mrs Milani, Ms Ali, Ms White, Ms Pemberton, Mr Harish and Ms Conduin-Llewelyn. Mrs Vora is retiring after 35 years – we thank her for her extraordinary service to our school.

I am delighted that Year 7 is full. Mr Fowler, Admissions Officer, is maintaining a waiting list. Please email admissions@salvatorian.harrow.sch.uk for more information. Our Open Evening for admissions to September 2024 will take place on Thursday 4th October.

Can I take this opportunity to thank you for your ongoing support. I wish you and your families an enjoyable summer and the chance of some rest and relaxation with friends and family. I remind you that the whole school is back on Wednesday 7th September. Year 7 students will commence a day earlier on Tuesday 6th September.

With my best wishes
Martin Tissot
Executive Headteacher

Catholic Life

What a busy term this has been. Year 11 pupils sat three GCSE papers including Catholic Christianity, Judaism, Philosophy & Ethics to complete their course. A big thank you to Miss Williams and Mr Lloyd-Williams for going above and beyond to revise with our students.

Key Stage 3 have been busy studying world religions.

Pupils have particularly enjoyed the introduction course on Hinduism, seeing different Hindu deities being displayed in the RE classrooms and learning about the vast array of gods and goddesses as well as Hindu beliefs about karma and reincarnation.

Year 9 have begun an introduction into Judaism in preparation for the start of their GCSE course next academic year. They have had the opportunity to explore the basic differences between the various Jewish denominations, the history of the Jewish people, the role of the rabbi, the 13 principles of faith to name just a few of the areas they have explored. The boys have engaged with what it means to be Jewish, through film, discussion and the use of artefacts and have a solid foundation to begin their GCSE course in next year.

Our Year 10 pupils are currently studying Forms and Expressions of Religious Life, a module which covers religious artwork and music as well as the design and purpose of churches and sacred objects. One piece of religious art we

have studied is the Christ Pantocrator which shows the two natures of Christ as fully human and fully divine – ask your child to explain this to you!

The Catholic Life of the School in review

We were delighted to welcome Bishop John Sherrington to Salvatorian College on Friday, 24th October 2021, the Feast of Our Lady of Walsingham to officially open and bless the new school buildings at Salvatorian College. The Bishop celebrated Mass in St Joseph's church, joined by priests of the Salvatorian Order, former pupils, current pupils, and guests including the Mayor of Harrow, our MP Bob Blackman, and local councillors. Mass was followed by a tour of the school and a reception in the Francis Jordan Hall.

Beatification of Fr Francis Jordan

Over 100 pupils from Salvatorian College attended Mass in St Joseph's church celebrated by Cardinal Vincent Nichols to celebrate the Beatification of the founder of the Salvatorian Order, Fr Francis Jordan. Pupils from the College formed the serving team, and the event was followed by a reception in the College.

Our new chapel

Opening of the Blessed Francis Jordan Chapel

We were delighted to welcome back Bishop John Sherrington to the College for the second time this academic year on the Feast of the Annunciation. He officially opened and blessed our new school chapel, dedicated to Blessed Francis Jordan. Having first prayed with the whole school on the playground, the Bishop celebrated Mass joined by local primary school headteachers and governors for this special occasion. We are deeply grateful to the Bishop for granting permission

for the reservation of the Blessed Sacrament within the school chapel – so that Christ is truly at the centre of our school.

Key Sage 3 pupils were lucky enough to participate in Pax Christi workshops and lectures this year.

Pax Christi are a Catholic organisation who work for

- **Peace** – based on justice. A world where human rights are respected, basic needs are met and people feel safe and valued in their communities.
- **Reconciliation** – a process which begins when people try to mend relationships – between individuals or whole countries after times of violence or dispute.
- **Nonviolence** – a way of living and making choices that respects others, challenges what is not fair or just, and offers alternatives to violence and war.

A new initiative to enrich the Catholic Life of boys this year has been the establishment of the Guild of St Stephen. The Guild of St Stephen is an international organisation of altar servers committed to assisting the clergy with serving for Masses, learning more about the liturgies and worship of the church, and learning more about the Catholic faith in general.

We were delighted to receive formal approval from the Archbishop of Westminster, Cardinal Vincent Nichols, in December 2021, to form a Chapter of the Guild of St Stephen at Salvatorian College. We believe we are one of only a few, if not the only, school in the UK to have its own Chapter.

With the generous support of staff, notably Mr Fowler and, with the spiritual guidance of the School Chaplain, Fr Mario, the guild has also provided opportunities for a blend social activities and excursions to religious shrines, with the aim to broaden both the cultural and spiritual lives of our students; such visits have included: Tyburn Convent, Marble Arch, a centre of devotion to Catholic martyrs of the Reformation; the Ukrainian Catholic Cathedral, Westminster and, a more recent visit to the Basilica of Our Lady of Walsingham, Norfolk, the national shrine to Our Lady. Further excursions are planned for the coming academic year.

Guild Trips in 2021-22

14th December - the Shrine of the English Martyrs at Tyburn Convent

We took the train to Paddington which is a short walk from the Tyburn Convent. One of the associates showed us around the shrine in the crypt of the convent which contains many hundreds of relics of the English Martyrs.

The tour concluded with a period of prayer in front of the Blessed Sacrament. The sisters in the convent take turns to pray in front of the Blessed Sacrament 24 hours a day, 365 days a year!

We then walked the short distance to the site of the Tyburn gallows which was the site of many of the Martyr Saints' executions. The site is now in the middle of a traffic island at Marble Arch! We said a prayer litany for the English Martyrs. A great trip learning about the Catholic history of our country and our city of London.

12th January 2022 – Feast of Candlemass at the Rosary Shrine

We were invited by the Prior, The Very Rev Fr Lawrence Lew, to attend the Feast of Candlemass at St Dominic's Priory, which is the Diocesan Shrine to the Rosary.

There, we were given a tour by Fr Andrew Brooks of the side chapels – each one dedicated to a different mystery of the rosary. We then attended Vespers and Mass which included a procession around the church with candles to celebrate the feast.

23rd March – Behind the scenes tour of Westminster Cathedral

We were invited by the Head Sacristan of Westminster Cathedral, Mr Richard Hawker, for a behind the scenes tour of the Cathedral. Mr Hawker gave us a tour of the side chapels – each decorated richly in different styles and materials. We then went to the enormous sacristy where we were shown some of the very valuable liturgical items in the Cathedral's collection. Afterwards we were taken right up into the galleries of the Cathedral where we had a spectacular view of the Byzantine domed architecture, and then down into the crypt

where we saw the tombs of previous Archbishops of Westminster. We then attended Vespers in the Lady Chapel and Mass, both sung by the world-famous Cathedral Choir.

7th May – International Rosary for Young People

On Saturday, 7th May, pupils from Salvatorian College and the Sacred Heart Language College, helped to lead a live-streamed Rosary which was broadcast around the world. The Rosary was the culmination of an international conference on Catholic education held in Italy, at which Mr Creamer gave a keynote speech. The conference was headed by Cardinal Giuseppe Versaldi, prefect for the Congregation for Catholic Education (the church's highest official for Catholic Education). It was a great honour to hear him personally thank the pupils of Salvatorian College for their contribution.

11th June – Pilgrimage to Walsingham- a report from one budding reporter who wishes to remain anonymous

The Medieval Abbey at Walsingham in Norfolk was England's preeminent shrine to Our Lady until the Reformation and one of the most famous pilgrimage destinations in Europe. The shrine saw a significant revival in the 19th Century and is once more a focus of pilgrimage and devotion for Christians in England and across the world.

The day began with a breakfast roll (chips for some!) in Thetford Forest, before we wound our way down the country lanes to the picture-postcard village of Walsingham.

We walked the 'Holy Mile' to the Roman Catholic National Shrine to Our Lady where we attended Mass celebrated by the Bishop of Nottingham, Bishop Patrick McKinney. After a visit to the Slipper Chapel - so-called because medieval pilgrims removed their shoes before walking the final mile to the original Abbey of Walsingham - we walked back to the village through the fields and vineyards.

We enjoyed and a visit to the Anglican Shrine, before heading down to the beach at Wells-next-the-Sea for a paddle.

After all our exertion we were in need of fish & chips which fuelled us all the way back to Harrow.

Our Lady of Walsingham, pray for us!

All Year 8 pupils had an additional have had the opportunity to explore their own faith and spirituality through retreats provided by the R.E department. The retreat day covered the theme of "One Body", working together and exploring what is needed to work as cohesive group. The boys also got time to reflect on scripture and meditate on what it means to belong to the Body of Christ, in our lovely new chapel.

¹² The human body has many parts, but the many parts make up one whole body. So it is with the body of Christ. ¹³ Some of us are Jews, some are Gentiles, some are slaves, and some are free. But we have all been baptized into one body by one Spirit, and we all share the same Spirit.

¹⁴ Yes, the body has many different parts, not just one part. ¹⁵ If the foot says, "I am not a part of the body because I am not a hand," that does not make it any less a part of the body. ¹⁶ And if the ear says, "I am not part of the body because I am not an eye," would that make it any less a part of the body? ¹⁷ If the whole body were an eye, how would you hear? Or if your whole body were an ear, how would you smell anything?

¹⁸ But our bodies have many parts, and God has put each part just where he wants it. ¹⁹ How strange a body would be if it had only one part! ²⁰ Yes, there are many parts, but only one body. 1 Corinthians 12:12-20

With covid restrictions eased we celebrated the birthday of our founder Blessed Francis Jordan on Thursday 16th June with a whole school Mass at St. Joseph's. Our boy's behaviour was exemplary, and they approached the mass with great reverence and respect.

More recently celebrated the feast of St Peter and St Paul as part of our religious obligation as a school community, led by our lovely chaplain Fr. Mario, it was fabulous to see different pupils volunteering to read and witness the faith. A big thank you to all the different readers and altar servers who have supported over the year, your help and support is invaluable.

The introduction of our monthly Year group masses, this academic year, with the parishioners of St. Joseph's has proven to be a great hit with the local Catholic community. Not only is it putting the eucharist at the heart

of our school lives, it also provides our pupils with an opportunity to meet and mix with some of our wider Catholic family. Encouragingly, many of the parishioners have stopped staff to thank Salvatorian College for bringing our young people into the

Our Charity work

Jesus taught that to love God and to love neighbour are the greatest commandments. In Matthew's Gospel (chapter 25), Jesus identifies himself with those who are poor and excluded, and teaches that we will be judged, on the way that we treat others. We cannot profess to worship God in church, yet not express that love practically to our neighbour. And our neighbour is not just someone local to us. In the story of the Good Samaritan Jesus made clear that our neighbour may be someone on the other side of the world, who is not 'one of us' but different. Because of our common humanity – because we are each created and loved by God – we cannot allow anyone to go without what is needed for a dignified life. With these principles in mind we have been busy collecting for the Catholic children's society, and the people of the Ukraine. We have also collated over 120 Christmas Hampers for those in need within our local community. We have contributed to St. Teresa's foodbank and collected a record number of Easter eggs which we donated to the Cardinal Hume society. church.

Art & Design

This term The Art Department had a host of visitors to create some Art.

Year 3 students from St Anselm's Primary School came in for a workshop on how to create an Egyptian mask from a laser cut cardboard pack. Students were able to assemble their own mask, design and decorate it, before painting it.

Year 5 students came to Salvatorian from over 8 Primary Schools and learnt how to create an oil pastel transfer. The students were able to draw icons such as Harry Kane and Elizabeth Olsen.

Year 6 students came to Salvatorian for an induction and taster day with various subjects. In art, Students learned about the work of Loui Jover before creating their own response. Students were able to do this from a selection of celebrities, including Lionel Messi. Pictured to the right is Oliver's work who will be joining Salvatorian in September in 7F.

Teachers as

We believe that teachers and staff are still learners, and we encourage all staff to attend the Art room and learn some new skills.

This term, as part of a wider school professional development session, Mr James taught over 11 teachers how to create (and teach) lino block printing. Lino prints can be used to create beautiful individual prints, card designs and illustrations. Pictured to the right are some examples including Mr Preskett's expert spitfire plan print, carved completely from Lino.

The following week, The Art and DT department teachers took a trip to a private viewing of a new Art Show in Central London's UNIT Gallery to see the work of Kristof Santi, an Artist that depicts huge oil paintings of culinary experiences. The Artist's work will be added to the Salvatorian Art curriculum in 2022/23.

KS3 Artwork

In Year 7, students have been studying Pop Art and Food. Students start the term with a drawing, including a 10-minute and 40-minute observational drawing of a sweet placed on their table. By the end of the term, students produce their own clay sculpture of a food item they choose. Pictured to the right is the finished model from Tomi in 7G, who produced a fantastic realistic Mars Bar.

In Year 8, students have been studying Sea Life and mixed-media. To the top right, you can see some examples from Ms Salkeld's class 8G, who produced some fantastic work in oil pastel.

Below, we wanted to highlight the work of Tinojan in 8A, who produced a fantastic response to the work of Eduardo Paolozzi.

KS4 Artwork

In Year 10, Art students have been focusing on the theme of 'Anatomy' as well as 'Life and Death'.

Students used a range of materials including chalk, charcoal, coffee, pen, collage, acrylic, oil pastel, photography and mixed media. The students finished the term off with a 5 hour exam to produce a final response. Below is some of the work from student's portfolios - Well done everyone!

The year 11 Art show is showing July 11th, 12th, 14th. It will be showing again for open evening and in November. Once the examination period is over, we will be able to post the show online!

Catering

Year 11 GCSE pupils making their controlled assessments dishes for Hospitality and Catering. Pupils need to complete their written brief and then plan for and cook 2 dishes (starter or desert and a main), using high skills in preparing and cooking. A fantastic effort that has built on the knowledge and skills developed in Key Stage 3, well done boys!

Computing

This term year 7s have looked at input/output devices, different types of computers, components of a computer and learning the basics of PowerPoint. Currently they are finishing off their final assessment, which is to create an eye catching and informative PowerPoint detailing the different components

of a computer. For every component they must explain the role of the component, average cost and how it communicates with other components. The boys have been very creative and have used a number of advanced skills to increase the quality of their PowerPoint.

Motherboard

The motherboard is the backbone that ties the computer's mechanisms together at one point and allows them to interconnect with each other.
Price: £100-200

HARDWARE and SOFTWARE

Hardware is the physical components of the computer, such as the central processing unit (CPU), hard disk, monitor, and more. Software is the programs that run on a computer. Hardware is the physical components of a computer. Software is the programs that run on a computer. In this lesson we will be looking at the physical components of the computer (Hardware).

True or False: If you unplug a computer you can still recover information stored in a RAM.

FALSE

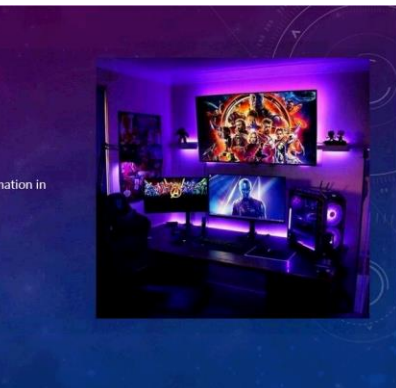

List of components

- Motherboard
- CPU (central processing unit)
- Ram
- Video card
- Monitor

MONITOR

A computer monitor is a device that displays information in pictorial or text form.
They cost £90-600 pounds.
Key fact:
Did you know...They have over 6 million pixels

COMPONENTS OF A COMPUTER

CPU

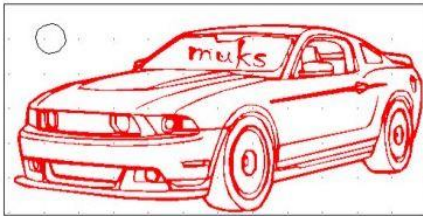

MOTHERBOARD

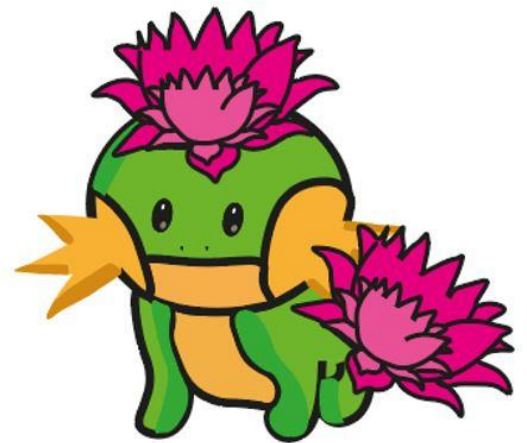

HARDRIVE

Design & Technology

Benson Cabral, 8G

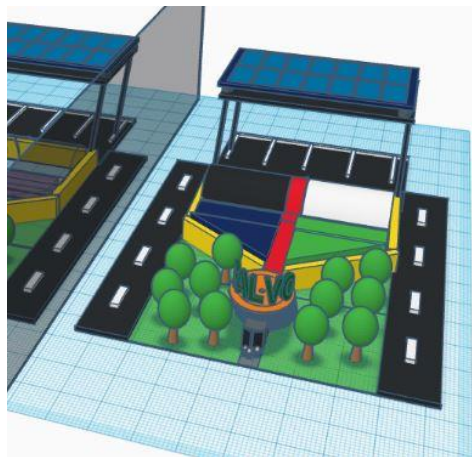

In Year 7, students have been learning how to lasercut their own keytags using 2D Designer. In Year 8, students have learned Adobe Illustrator to design their own cereal branding and illustrations. Here are some of their character designs.

Irfanali Hirji / 8G

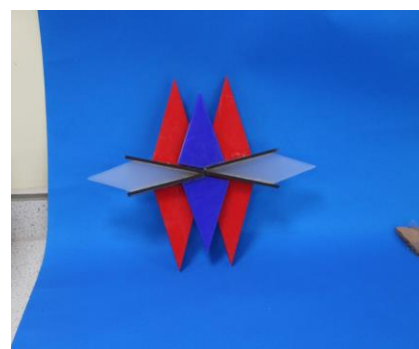

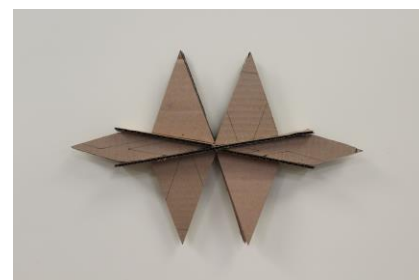

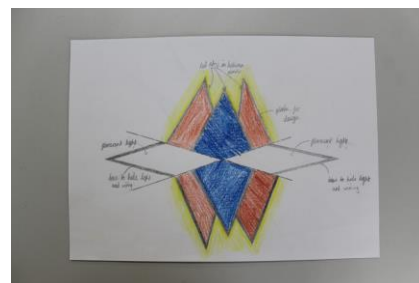

DEVELOPMENT OF INITIAL IDEAS

STRUCTURAL IDEAS

- Modular pieces that can be connected using magnets that allow for exact positioning
- Carved out underneath to hide any cables or LED's which can illuminate the whole design
- Instead of being hinged, the design will be pitched on two stilts that protrude from the wall into a frame, this frame will surround the whole design with a simple hollowed shape.
- Layering several pieces of Laser Cut forms to create a more imposing piece (carried out on the right).

This CAD example shows in more depth the modular design and it's purposes in functionality, whether in a horizontal line or a quadrilateral pattern. The multiple configurations allow for any client to take the piece and give it a unique feel.

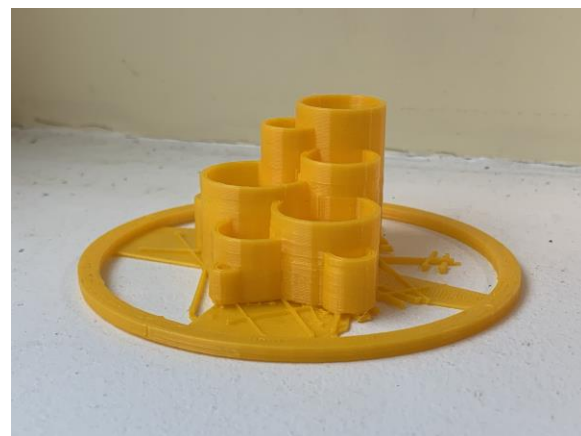

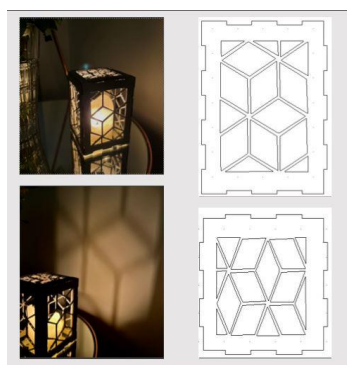

Color testing

In Year 9, students have been designing their own Salvatorian buildings as part of their Architecture project using TinkerCAD.

In Year 10, students have been designing and lasercutting their own lamps. They look at Art movements and styles being modelling via digital means, cardboard and a final prototype. Some projects are also 3D printed.

Compassion | Humility | Integrity | Justice

Tolerance | Forgiveness | Service | Holiness

Drama

This term in Drama, students across Years 7, 8 and 9 performed their version of Lord of the Flies. Students rehearsed, created and planned the performance during their free time as part of an extra-curricular club. The show design was a collaboration within the Creative Arts and performance partnered with English. Art helped with set design, painting and the backdrop. DT club led by Mr Preskett built an almost to scale airplane set out of recycled materials and English collaborated on script and rehearsals. A huge thank you to Ms White who made it all possible with her overall management of the whole performance as the Lead of Drama. The play was performed on the 11th and 12th of July in our brand-new Francis Jordan Hall and the GCSE Art preview was next door with refreshments served by the PTA. A spectacular night!

Englis

Literacy

This year has been a busy, yet fruitful one for the English Department. We are all incredibly proud of our boys for their efforts in reading and comprehension, which has resulted in every one of our students making progress in their reading levels since September! A result that brings us immense joy!

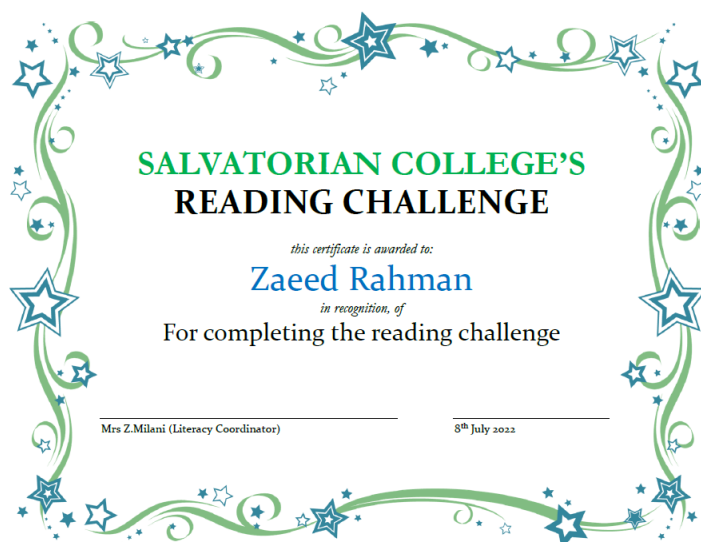

A special mention for Zaeed Rahman (9C), who is the winner of our Salvatorian Reading Challenge. He has been awarded a £20 Amazon voucher and certificate in recognition of this achievement.

Lord of the Flies Production

The Drama and English Departments have been super busy since January, preparing Salvatorian College's first ever production play. Preparing for the Lord of the Flies production has taken many hours of after-school and whole day rehearsals, a lot of dedication and a colossal amount of energy; however, it has all been worth it.

A special thanks to Mr Preskett for bringing the dilapidated aeroplane to life, to Mr James, for his creative background, to Ms Dickson, for costume design and to Ms Pemberton for the hours that she has dedicated to rehearsals.

The production will be taking place on Monday 11th and Tuesday 12th July 2022, from 6.30pm. It will undoubtedly be a successful evening. We will leave you with photos of rehearsals and the names of everyone involved. Enjoy!

History

Recently, our year 8s have been learning about the Second World War and the impact of propaganda during this period. Propaganda came in many forms during this period including film, radio, speeches and posters. Propaganda was designed during WW2 with the goal of encouraging people to join voluntary services, warn of careless talk, German spies and encourage people not to waste food. Below are some of excellent examples produced by our year 8s:

We also have work produced by our year 9s who were recently learning about the Cold War. Below we have two excellent examples of pro-communist and anti-Soviet propaganda. Mass hysteria ensued during the 1950s in the US as a result of McCarthyism and the resulting witch hunt of potential communists within the USA government and general, propaganda was produced to warn of the dangers.

Modern Foreign Languages

Excellent writing in Spanish

Eric Emmanuel (9G) wrote a very good email in his Summer assessment. His email has a good structure including a greeting and a sign off. To get the top marks in this task, he has covered all the questions and he has used three time frames accurately (present, past and future). He has also included sequencers, time phrases, connectives, superlatives, exclamations, questions and a sentence within a sentence.

Eric has also used his green pen to note down how to make his writing more advanced in the future, for example, by adding narration or using more uncommon vocabulary and structures. This is an excellent model answer for Year 9 Spanish writing and it sets a very good start into GCSE next year!

Excellent writing in French

This is a fantastic piece of writing in which Chilacshan Ravinathan, Year 7C French, talks about where he lives.

He has expressed his personal thoughts and opinions using two tenses: present and future. He has included extra details informing the reader about what there is/isn't in his town; what he does in his spare time, who he goes with, where, when and how often.

He has shown good understanding of complex and varied grammatical structures and vocabulary.

Fantastique travail, Chilacshan!

Bonjour! Comment ça va? Je m'appelle Chilacshan et j'ai onze ans. Je vis une grande ville, qui s'appelle Ealing. Je habite à Londres, la capitale d'Angleterre. Il y a beaucoup de parcs et il y a aussi un stade un marché et un cinéma où je regarde des films. C'est très génial! Il n'y a pas de château et une patinoire. C'est vraiment nul. Aussi il n'y a pas de monuments. On peut aller au concert mais on n'a pas le bowling mais on ne peut pas aller au concert, c'est ennuyeux. Normalement, tous les weekends je joue au foot avec mes amis, c'est bien. De temps en temps j'ai aussi la piscine quand en été parce que c'est une bonne idée. Aussi j'ai au parc en été. A mon avis, c'est l'adore Londres! A mon avis c'est vraiment bien mais il n'y a pas de château. Cependant, c'est joli. Et toi? Tu es d'accord? Au revoir!

Physical Education

Year 9 Harrow Schools Football Champions

Year 9 Harrow Schools Football Champions

The Year 9 football team emerged victorious following a pulsating cup final against Pinner High. The game finished 3-3 after normal time. Extra time saw Pinner High take a 4-3 lead with just five minutes to go. The boys dug deep and pushed for the equaliser and they got their reward with the last kick of the game with an extraordinary goal from Michael Kelly to draw 4-4 and force the game to be decided on penalties. Fadullah Malla produced a fantastic save from one of the Pinner penalties to allow Kaedon McGrath-Davis to step up and convert the fifth and final penalty to secure the win. Congratulations to all involved.

Athletics

Round 1 of Harrow Athletics League – 7th June 2022

Medals were collected across the board at the Harrow Athletics League in a variety of events comprising of sprinting, throwing and jumping, as well as middle distance.

Salvatorian produced a superb set of results with a large squad of athletes at the Bannister Track Event against other Harrow schools.

A whopping 10 medals for Salvatorians

The Athletes recorded a whopping 4 gold medal and 6 silver medals. Year 7 showing amazing grit and determination competing against other year 7s and year 8s. Year 10 boys dominated the 800m taking gold and silver. The finale was a superb team effort with an electrifying finish in 4x100m relay taking the gold medal.

Round 2 - Harrow Athletics League - 14th June 2022

On a beautiful hot sunny day almost double the number of medals were collected today at our 2nd fixture in the Harrow Athletics League in a variety of events comprising of sprinting, throwing and jumping, as well as middle distance.

Salvatorian had a much larger team this week thanks to the amazing Year 7's who once again produced a superb set of results at the Bannister Track Event against other Harrow schools.

The Athletes recorded a whopping 19 medals in total. Year 7 once again stepping up to fill the gaps representing Salvatorian in Year 8 & Year 9 races. We have more athletes this week representing Year 8 and Year 9 with Year 10 being very successful.

Sports Ambassadors

St Teresa's Sports Day

On Friday 1st July Mr Creamer took twenty Year 7 & 9 Sports Ambassadors to Harrow School to assist St Teresa's school with their Sports Day. The event was a huge success and this was in part down to the fantastic support given by Salvatorian College students. They were cheering on the younger children and advising them how to do well in their events. Well done to all the boys who took part.

St Anselms' Sports Day

On Thursday 7th July and Wednesday 13th July the Sports Ambassadors helped with St Anselm's Sports Days for KS1 & KS2. The feedback from staff and parents was glowing. Ms Ward from St Anselm's said

'I just want to reiterate how well behaved and helpful your boys were yesterday. They were very good role models for our children and they modelled the activities to them and gave them lots of encouragement.'

Brunel University Weightlifting Experience

On Friday 10th June the PE department took fifteen pupils to Brunel University to take part in a Weightlifting Masterclass from Home Nation Pathway manager Kristian Mcphee. The students learnt the how to warm up correctly for weightlifting before trying to master the snatch lift and the clean and jerk. The visit was challenging and gave the students a great insight into a sport many of them had no knowledge of.

Hatch End Triathlon

Congratulations to Dexter Tsangaris, Klaudiusz Wawrzynkowski and Ajai Reginold who took part in the Hatch End Triathlon on Sunday 15th May. They completed a 250m swim and then got straight out of the pool and onto a bike for a 3km cycle and to finish it off they ran 1.8km. Well done boys. We are very proud of you.

British Basketball League Play Off Finals at The O2

Mr Creamer and Mr Malik took 20 boys to the The O2, London for the iconic British Basketball Play-Offs Finals on Sunday 15 May 2022.

The Play-Offs Finals consisted of the two top teams from the elite men's and women's British Basketball League battling it out for the final piece of silverware on offer during the 2021-22 BBL & WBL seasons.

The first game was contested between London Lions v Sevenoaks Suns in the women's fixture. A thrilling game with high standards of basketball on display. The final result was 70-45 with the Lions taking the trophy.

The second game contested was between the Leicester Riders v London Lions men's teams. A great game to finish the afternoon off. Resulting in Leicester Riders being crowned champions 78-75.

Jordan Fitness Media Day

We were delighted to welcome Jordan Fitness to Salvatorian College on Wednesday 6th July to interview Mr Creamer, Ms Williams and three of our Year 10 students. We spoke about the impact of the extracurricular body pump sessions on health, fitness and wellbeing of students and staff. The classes take place three times a week after school and are open to staff and students to attend.

The school is grateful to the Deo Duce Foundation for a grant to purchase over £5000 worth of pump sets, mats and benches for our activity studio that enable us to run the popular sessions.

Year 7 & 8 Cage Cricket

Year 7 & 8 competed at the annual Cage Cricket event at Whitmore School. It was a very well organised event and there were some really impressive performances from our students. Well done to all involved.

Saracens & Harrow RFC Development Day

On Thursday 6th July the PE Department teamed up with Harrow Rugby Club and Rugby Premier League team Saracens to run a rugby development session at Harrow Rugby Club. Over thirty Year 7-10 boys joined with twenty Harrow RFC players, took part in a fun skill session and some tag rugby. Salvatorian students have been invited to come down to Harrow Rugby club for free sessions on Sunday mornings from 10am - 12pm.

Harrow Rugby Club are also going to run a promotion for Salvatorian College students where they will get 50% off the annual fees for signing up in 2022-23.

We look forward to working more with Harrow RFC and Saracens RFC in the future.

Extracurricular volleyball

U14 Volleyball Tournament

Salvatorian College entered two teams into the KS3 Volleyball Tournament at Park High. Both our teams finished top of their leagues after the group stages. Both teams came second overall. Congratulations to all the boys who took part. Thank you to Miss Schipor for her awesome coaching this year

On Tuesday 12th July we were delighted to have Wouter join our volleyball session after school. Wouter is a National League player in the Netherlands and he was able to give some excellent coaching points to our students to develop their game.

How to refract light

Science Club Trip to London's Community Kitchen

Students had the opportunity to:

- Find out first-hand how much food waste we create in England, the food bank receives 1 tonne of food per week.
- See the sorting process and the products that the foodbank donates to people with food insecurities.
- Discover the herbs and vegetables that grow in the community gardens.
- Visualise the food that is used to produce biofuel and understand what Zero Carbon Emission looks like.
- Explore the insect motel.
- Bake some delicious shortbread cookies and understanding irreversible chemical reactions.
- Hear Chef Douglas' journey in kitchens all over the world including; Australia, Africa and Asia.
- Learn baking, cooking and taste testing skills.
- Experience a professional kitchen and understand Chef's rules.
- Take away life lessons such as; what it means to serve restaurant quality food, following health & safety rules, using touch to understand different foods, respect and gratitude.

JACK PETCHEY

September Winner

Andrei-Sorin Birzu

Helps out at his church for up to 5 hours every Sunday, is totally dedicated to his faith. Always helpful at our religious celebrations and other school events and is a valued member of our School Council Team. Displays his love for music by playing on the school piano at every opportunity
Art Department: £250.00 will help to set up and introduce screen-printing.

October Winner

Ronan Mervyn

An excellent role model, always willing to help when it's needed, regularly helps out at school events. Ronan has the gift of being an excellent listener. For always going above and beyond for the school. He always volunteers to help with school events and sets a positive example to those around him. Ronan is always polite and engaging when interacting with those in our local community, and I have had feedback about his tours of the school being outstanding. He often helps others in form with organizational matters and assists in explaining homework tasks. Ronan is a positive ambassador for the school and this is reflected in all of his interactions with staff, students and the community.

English Department – £250.00 to purchase Bilingual books for our library.

November Winner

Joshua Fernandes

An excellent student who is focused on the work always attempts challenging tasks in class and at home, puts emphasis on presenting his work appropriately and using his imagination and creativity. Joshua goes above and beyond to be an example of a good student in class. A pleasure to teach him!

Chaplaincy - £250.00 to help purchase a thurible and stand for the Blessed Francis Jordan Chapel.

January Winner

Umair Rafi

Umair does lots off charity work outside of school & has raised money for numerous causes. He has been a volunteer with Harrow Food Bank, his duties included sorting and packing food as we as helping with deliveries to local residents. In addition, he is also an Anti-bullying ambassador and has been helping some of our more vulnerable students to come forward with concerns etc.
PE Department - £150.00 to purchase goalposts for playground.

Science Department - £150.00 to purchase resources for Science Club.

February Winner

Aryan Drubra

Aryan has been an exceptional role model to the students in this school. He is a Sports Ambassador and volunteers his time twice a week after school to work with the younger year groups. He demonstrates integrity, patience, kindness, humour and a willingness to go above and beyond to help serve the school community. I cannot think of anyone more deserving of this award.

PE department - £300.00 to purchase boxing equipment for our gym.

Salvatorian College: The School of First Choice

Compassion | Humility | Integrity | Justice

Tolerance | Forgiveness | Service | Holiness

March Winner

Matthew Vince

8C Matthew is a quiet yet extremely valuable member of our classroom. He excels academically through his consistent completion of the work, revision and high standard homework. What is most impressive, is the respect he has gained from other students. He is always polite, helpful and works brilliantly as a member of a team since he is a good listener and able to follow instructions accurately.

RE Department - £150.00 to purchase religious artefacts.
Science Department -£150.00 to purchase resources for Science Club.

April Winner

Darren Fernandes

Darren is very hard-working, organised and helpful. When we are stuck, he will politely help us. He goes out of his way to volunteer for representing the school and peer-mentoring vulnerable children.

Chaplaincy - £200.00 to help to pay for an electric Sanctuary Lamp for the blessed Francis Jordan Chapel
Maths Department - £100.00 to purchase resources for Maths Club.

May Winner

Luca Pop

Luca has been a great asset to the after-school clubs and has shown phenomenal effort in all PE lessons. He has physically worked very hard in PE lessons constantly trying to improve and motivate other pupils in his class. He has excelled in the weightlifting class run at lunchtimes at the school and earned a trip to Brunel University to take part in a 2-hour weightlifting workshop. It would be great to see him continue this sport outside of school. Luca always shows pride in representing the school. Luca has been a pleasure to teach so far this year and with continuation of his positive attitude and work ethic he will carry on exceling in all his endeavours.

PE Department - £300.00 to purchase two Olympic Aluminium Technique Bars for our gym.

June Winner

Samuel Reginolt

A joint nomination, Samuel & Basherali went out of their way to make a new student feel welcome, they even put together a pencil case filled with necessary equipment, including a calculator, for him. The student was totally overwhelmed by their kind and thoughtful gesture. (Basherali will be our September winner)

English Department - £150.00 to purchase Bilingual Books for our library.
Science Department - £150.00 to purchase resources for Science Club.

Jack Petchey Awards Evening

Along with other students of Salvatorian College, I was delighted to receive the Jack Petchey Achievement Award at the Harrow Award Presentation 2022. As we entered the venue, my eyes first laid on the large stage which was branded with the Jack Petchey logo and the word "Achievement" in bold, striking letters. As the presentation commenced, a spirit of celebration engulfed the theatre, when the young people of Harrow were acknowledged for their successes; a stark contrast to the tragedies of knife crime and violence among youth of which is portrayed by the media. As uniforms of different colours, peoples of different races and young people of different strengths took to the stage, they received their award; a deserving recognition to them and their contributions to their communities. Upon collecting my award from the Mayor of Harrow, I felt honoured and now looking back on the event, I am truly grateful for such a magnificent experience and for the Jack Petchey Foundation and all the work it is doing. It will be an evening I shall forever remember and I hope that the foundation continues to support and celebrate young success stories in our communities; the future of our world.

Joshua Fernandes 9G

[About Sir Jack Petchey CBE](#)

The Jack Petchey Foundation was established in 1999 by Sir Jack Petchey CBE, determined to celebrate the often-neglected young people of our society. The Jack Petchey Foundation draws on the ideology, vision and values of its Patron Sir Jack Petchey CBE who epitomises the saying "If you think you can, you can!" Investing over £143 million in young people across London and Essex, the foundation aims to inspire and raise the aspirations of young people while affirming, rewarding and celebrating achievement. At the heart of their work is valuing young people and acting as a springboard to for young people to express their voices.

Farewell to staff

We sadly say goodbye to a number of teaching staff: Ms Dickson, Mrs Milani, Ms Ali, and Ms White. Ms White has been at Salvatorian College for over 5 years!

Mrs Vora is retiring after 35 years – we thank her for her extraordinary service to our school.

We also say good bye to our training and support staff, Ms Pemberton, Mr Harish and Ms Conduin-Llewelyn, Ms Dutton, and Mr Rowe. We wish you all the best in your new adventures!

As you go my friend, you walk upon a bed of love, On which our prayers are falling softly every day. As you go, remember that our hearts will hold you close. You're treasured, and we will cheer you on your way. As you go my friend, you travel with Christ at your side. His light will show a path and be your guide. As you go, be hopeful that you're following your dreams. We celebrate this new season of your life.

Amen

Youth Club

Students, supported by teachers, now run Youth Club. This means students get a big say in the planned activities. They set up the spaces for students to enjoy. Students run the tuck shop, games hire station and registration. Students also now run the cinema room and Art Space, choosing the films and activities for that week.

You can play any games or sports you wish! Currently, we have three snooker and pool tables, six table tennis tables, Fuzzball, air hockey, and video games such as PlayStation, Wii and Nintendo. Students are free to rent and use any of these stations during Youth Club. They need only their membership card. If you fancy a quiet break, you can head over to the cinema room which features a different film every week.

You can have fun developing skills! Take a trip to the Art room to learn some painting, or the hall to have some piano practice, or even a cooking session to learn how to make a new tasty treat! The decorated cookies are always excellent!

And of course, the trips!

You can expect to attend Bowling, Treasure Hunts, Winter Wonderland, Theme Parks, Football Matches and the Theatre! To join Youth Club, either fill out an application online via the school website or speak to Mr James to receive an application.

A circular map of the Harrow Plumbase area. The map shows a network of roads including A409, Whitefriars Cr, Bruce Rd, and others. Key locations marked include Restaurant Miorița (orange pin), Salvatorian College (red pin), ESSO MFG HIGH WEALD (blue pin), The Sacred Heart Language College (green pin), Harrow Plumbase (blue text), Whitefriars School (blue pin), 24/7 Dental Clinics (red pin), Iceland Foods (blue pin), and another location (orange pin). The map is framed by a yellow border.
