Message from the Headteacher

Dear Parents, Students, and Staff,

As we approach the joyous season of Christmas, I am delighted to share with you the highlights of our thriving Salvatorian College community. It has been a pleasure to witness the collective efforts of our dedicated staff, including the commendable work of Mrs. Brown and Mrs. Watt, who collaborated tirelessly with our boys to gather hampers for those in need.

I am particularly pleased to express my gratitude for the overwhelming response to our 'wrap up' appeal organised by Mrs. Griffin, which resulted in a generous donation of coats. Your munificence truly embodies our school's values.

Our recent Christmas Fayre stands as a testament to the incredible sense of community at Salvatorian College. For the second year in a row, hundreds of parents and students came together to make this event a triumph. I extend my sincere appreciation to the organisers for their hard work, and as they deliberate on the cause to which the proceeds will be donated. It is heartening to witness the impact we can collectively make for those in need.

Looking ahead, I am excited to share the wonderful news that we will be reopening our sixth form in 2024. This expansion reflects our commitment to providing choice, and a continuity of education, and more details will be communicated to parents in the coming weeks.

In the realm of sports, I want to extend my congratulations to our PE department, particularly the under-16 Volleyball team, who went unbeaten in their tournament on November 9th, finishing at the top of their group. Your hard work and dedication in fixtures this term have not gone unnoticed, and we are immensely proud of your achievements.

As we approach the festive season, I wish each and every one of you a joyful and peaceful Christmas. May the holiday season be filled with warmth, love, and cherished moments with your families. Let us continue to stay healthy and united as a community, sharing the spirit of Christmas with those around us.

Thank you to everyone who has contributed to this vibrant publication, giving a glimpse into the rich tapestry of life at Salvatorian College.

Wishing you a Merry Christmas and a Happy New Year!

God bless,

Mr A Bryant

Catholic Life

Year 7 Retreats

This term, we have wrapped up our annual series of day retreats to welcome our new Year 7 students into the community. Each form group spent the day with their RE teacher. Throughout the day, we engaged in collective prayer and participated in games designed to strengthen our bonds and develop the necessary qualities for building a robust community. Through team-building activities and moments of reflection, we identified the individual qualities we bring to our Salvatorian Community. These days also offered us a wonderful chance to acquaint ourselves with each other a bit better.

Macmillan Coffee Morning

This September, Salvatorian College warmly hosted the annual Macmillan Coffee Morning, organised with enthusiasm by our Year 11 pupils for their fellow students. A heartfelt thank you extends to all who generously donated, and an even more substantial appreciation is owed to the industrious staff and students who, took the initiative to bake delectable treats. These homemade delights, including cakes and cookies, were not only a treat for the taste buds but also contributed to the success of our fundraising effort. Through the collective efforts of our dedicated Year 11 pupils, we managed to raise an impressive £382.

All Saints Day (Holy Day of Obligation)

We joyfully commemorate the feast of All Saints Day at St. Joseph's across Key Stages, and once again, those who attended the Parish Mass received not only compliments on their diction and piety but also appreciative emails from the parish. A special thank you extends to all the pupils who read, served. Your contributions are always warmly welcomed. For those who didn't have the chance to read this time, rest assured there will be numerous opportunities throughout the year to participate. The positive feedback and emails from the parish reflect the impact of Key Stage Four boys in celebrating Mass together.

Catholic Life

Pupil Eucharistic Minsters

In a significant Salvatorian first, seven Year 11 pupils Richard, Brishen, Joshua, Darren, Eugen, Stephen and Rohith have made the choice to become Eucharistic Ministers. Following their training with Fr. Mario, these students have taken on the role of Eucharistic Ministers during our school masses, contributing to the spiritual life of our community. Their commitment and participation mark a notable milestone, showcasing their faith and dedication to serving in this important capacity.

November signifies the month dedicated to the Holy Souls. Over this period, Key Stage 3 classes participated in remembrance services held in the chapel, providing them with a chance to contemplate life beyond earthly existence. As a united school community, we commemorated those dear to us who have passed away by adding their names to our book of Remembrance. Every week throughout November, the individuals' names were remembered in prayers during Thursday form masses. Pupils embraced this opportunity to reflect and pay homage to those that had died.

Good News for Everyone

Year 7 pupils received an informative presentation from Good News For Everyone (formerly Gideons UK) about the significance of the Bible and the organisation's mission. As part of this initiative, each Year 7 student was provided with their own pocket-sized New Testament and Psalms. This valuable resource is expected to be a beneficial companion, aiding them not only academically but also spiritually, throughout their educational journey and beyond.

Wrap up London Campaign

I am thrilled to share the wonderful news that Salvatorian College has contributed over 300 coats to the 'Wrap Up London Campaign.' This initiative has grown to become one of the largest winter volunteering events in the city, showcasing the incredible impact achievable when communities unite to aid those most in need. The donation of pre-loved winter coats significantly assists the most vulnerable individuals in our city in facing the challenging winter conditions.

We take great pride in being a part of this meaningful initiative and aspire to improve the lives of those less fortunate during the winter season through our donations. A special acknowledgment goes to the dedicated Mr. Everett for delivering the coats to the local drop-off point, and heartfelt thanks to Mrs. Griffin and Ms. Ward for their leadership in driving this commendable initiative. Your generosity and support are truly appreciated.

The Christmas Carol Service

Salvatorian staff and students came together for the annual Christmas Carol Service at St. Joseph's church. With an enhanced choir and a student-prepared liturgy, we invoked the anticipation of the Christmas story. In the midst of this Advent season, we were reminded of the true meaning of Christmas. A sincere thank you goes to all the staff and students whose contributions helped create a reflective and prayerful atmosphere during this event.

Christmas Hampers

Amidst the ongoing cost-of-living crisis, it holds special significance for us at Salvatorian to extend generosity by offering Christmas Hamper parcels to those facing challenges within our local community. Mrs. Watt and the boys have dedicated their time to sorting and wrapping these parcels, emphasizing our commitment to showing care during the Christmas season. A heartfelt thank you goes out to all who have contributed generously to make this initiative possible.

Christmas Jumper day

We are delighted to share the heartwarming success of our celebration on National Christmas Jumper Day for Save the Children. On this special day, our school came alive with an array of festive sweaters, showcasing not just our holiday spirit but also our commitment to supporting a worthwhile cause.

It was truly heartening to witness the sea of colourful and creative Christmas jumpers worn by both students and staff. The enthusiasm and generosity displayed by our school community in supporting Save the Children have made a positive impact. Through your participation, we've contributed to making a real difference in the lives of children in need. Your kindness and willingness to get involved have added a touch of warmth to this holiday season, embodying the true spirit of giving.

Thank you to everyone who took part, making our National Christmas Jumper Day a festive and charitable success. Your support is a testament to the compassion and community spirit that defines our school.

SIXTH FORM INFORMATION EVENING

Year 11 parents received a letter inviting them to attend an information evening on our Sixth Form, re-opening this year. The evening will take place on Monday 22nd January 2024 at 4.30pm and will be an official launch with our course guide and entry requirements. We look forward to seeing as many of you there as possible to find out more about this very exciting chapter in the school's history. If you have any further enquiries, please contact admin@salvatorian.harrow.sch.uk

APPLY NOW

Applications are now open for current Year 11 students of the Salvatorian College. Apply now by downloading the application form here.

Application forms are to be returned to Mr. Evans or Mr. Bryant by Monday 19th February 2024. Interviews will take place after the February Half Term.

What can you expect from our Sixth Form?

Curriculum Benefits

- Smaller class sizes
- Study supervisor to support independent study
- Subsidised tutoring/intervention sessions
- Tailored 1-1 pastoral care, mentoring and dedicated tutors

Transition

- Full induction programme including Taster Day
- Interviews
- Induction activities including team days

Careers Support

- Tailored UCAS/Careers and Internship programme
- Personalised support applying to universities and jobs
- Working with Russell Groups and top universities

Leadership

- Paid duties and job roles in school
- Sixth Form Leadership Team including Head Boy
- Opportunities to be mentors for younger students
- Church mass, liturgy and opportunities to be Eucharistic ministers

Enrichment

- University summer school programmes
- Clubs and societies
- Sixth Form work experience programme
- Exciting extra-curricular opportunities and trips across London and beyond
- The Duke of Edinburgh's Gold Award

Facilities unique to Sixth Form

- Cutting edge technology, computers and media facilities
- Exclusive sixth form block, with kitchen, toilets and common room
- Access to parking
- Dedicated study space and common room
- Sixth Form only outdoor area

Sixth Form Privileges

- Mobile phones are allowed in social spaces
- Students are allocated free periods and can leave the school site during this time
- Smart dress/business attire uniform
- A different behaviour system and approach

Scholarship Fund of \$500 per student available for our highest achievers.

Art & Design

Explore the artistic endeavors of our KS3 students in this term's showcased projects. Witness the creativity of Year 7 through their pencil drawing project and an engaging Aboriginal Art 3D Boomerang project. Year 8 students delve into the Organic Mechanic project, while Year 9 explores Urban Architecture, drawing inspiration from artist Joshua Smith. Their final creations include post-apocalyptic cardboard building fronts, showcasing a mastery of relief and mixed media techniques.

Behold the exemplary Year 11 Exam work from the Summer, a testament to the dedication and talent within our department. We take pride in celebrating yet another outstanding year of results, boasting a remarkable progress score of close to +1.5. Nearly half of all grades achieved a 7 (A) or above, with an impressive 69% securing a grade 5 or higher. Notably, three students earned the coveted grade 9 in the subject, reaffirming our commitment to excellence in art education.

Computing

Year 7 students started the year off with learning and understanding the significance of e-safety. Recognising the digital era they live in, students were tasked with creating informative posters that would serve as guides for staying safe online. Through engaging lessons and discussions, the students delved into exploring cyber threats, online etiquette, and the importance of safeguarding personal information. The project not only honed their computer science skills but also instilled a sense of responsibility and awareness regarding the potential risks and rewards of the digital world.

SECURE PASSWORD

TIPS

- PASSPHRASES MIGHT BE MORE SECURE WHEN USING UNEXPECTED WORDS. EVEN IF YOU ARE USING COMMON WORDS, YOU CAN ARRANGE THEM IN AN ODD ORDER AND MAKE SURE THEY ARE UNDERLINED.
- USE SOMETHING THAT MAKES SENSE TO YOU BUT WILL BE HARD FOR OTHERS TO GUESS. EVEN RANDOM PASSWORDS CAN BE REMEMBERED BY MUSCLE MEMORY.
- PASSPHRASES ARE BASED ON A COMBINATION OF REAL WORDS, UNCOMMON WORDS WITH CHARACTER-SWAPPING AND RANDOM CHARACTERS MIXED IN HAVE BEEN USED IN THE PAST. USE 'TRUCK' OR '89x339b4H' FOR BASKETBALL.
- USE 10 TO 12 CHARACTERS MINIMUM.
- USE LOWERCASE, UPPERCASE, SYMBOLS AND NUMBERS.

DON'T

- REUSING PASSWORDS COMPROMISES MULTIPLE ACCOUNTS. MAKE IT ORIGINAL EVERY TIME.
- DON'T USE YOUR PERSONAL INFO AS YOUR PASSWORD. SUCH AS NAME, DATE OF BIRTH, ETC.
- NEVER USE YOUR FAVOURITE SPORT, BAND OR INTEREST TO CREATE A PASSWORD THAT COULD BE EASY TO FIND ON YOUR SOCIAL MEDIA.
- YOU SHOULD AVOID PREDICTABLE SEQUENCES SUCH AS '12345'.

THREATS

- COMPROMISED PASSWORD GIVE CYBERCRIMINALS AN OPEN DOOR INTO YOUR COMPUTER AND VIRTUALLY ALL ITS FILES.
- IDENTITY THEFT WILL BE A PIECE OF CAKE WITH ALL YOUR SOCIALS IN THE HACKER'S HANDS.
- PERSONAL INFORMATION CAN BE EASILY STOLEN, SUCH AS MEDICAL RECORDS.
- THEY CAN ACCESS YOUR BANK ACCOUNT.

HOW-2 - CR@te a Strong P4ssword:

- Preferably above 10 characters
- Use special characters e.g. @, -, ", #, ^, !
- Should not be related to something about you
- Must not match with any of your other passwords
- Have a trick to remember your password if it does not come to mind

P4SSWORD Security Rules:

- Do not share your password to anyone, even if you know them.
- Do Not use the same exact password for different sites. If you cannot remember every password, try editing one to change it slightly.
- If you are sent an email that requires you to login, find out if it is a trustworthy account as scammers often try to scam you this way.

Anti-Virus

Special character

Enter your password:

S4f3T4-@f1K5T!

Viruses

Hackers

Scammers

Your password is the Key to your internet life. The three things that can steal that Key are Viruses, Hackers and Scammers. They can infiltrate your accounts and shape your digital footprint. If you create a weak password, these three can even enter your bank account, Software and personal life. The internet seems like a joyride, but these dreams can turn into nightmares.

STRONG PASSWORD DO✓

7-10 CHARACTERS
Longer is Better

MIX IT UP!

NO PERSONAL INFO
Pet names
Birthdays
Street names
Human names

NO SINGLE WORDS
Don't use anything you can find in a dictionary

Design & Technology

In this term's Design and Technology curriculum, Year 7 students have delved into the captivating realm of designing and crafting maze games. Demonstrating their expertise, they've adeptly utilized a diverse array of tools and machines within the workshop. The outcome of their endeavors is a collection of engaging and distinctive games, highlighting both their creative flair and technical prowess.

Year 9 has successfully completed a term of culinary exploration in Food Technology, mastering the art of cooking a diverse range of dishes from around the world. Behold some remarkable final outcomes, featuring delectable creations such as a Dutch apple cake and a lamb and feta burger. A hearty congratulations to all students for their impressive achievements in the kitchen. Well done!

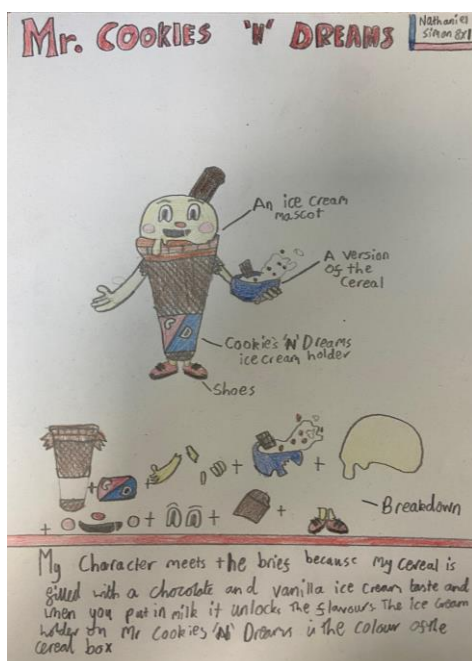

Salvatorian College: The School of First Choice

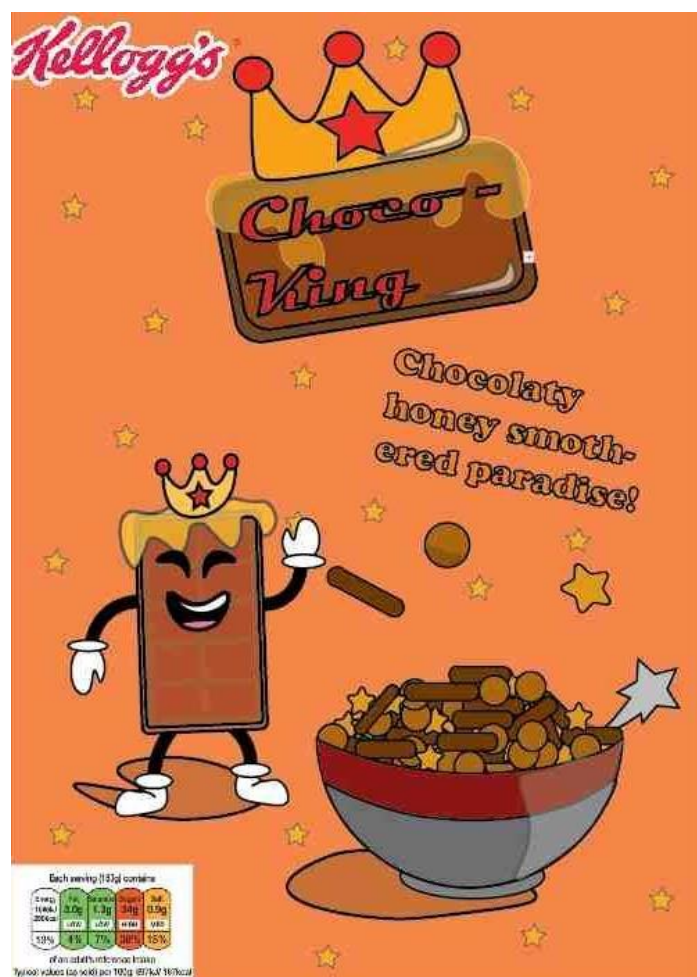

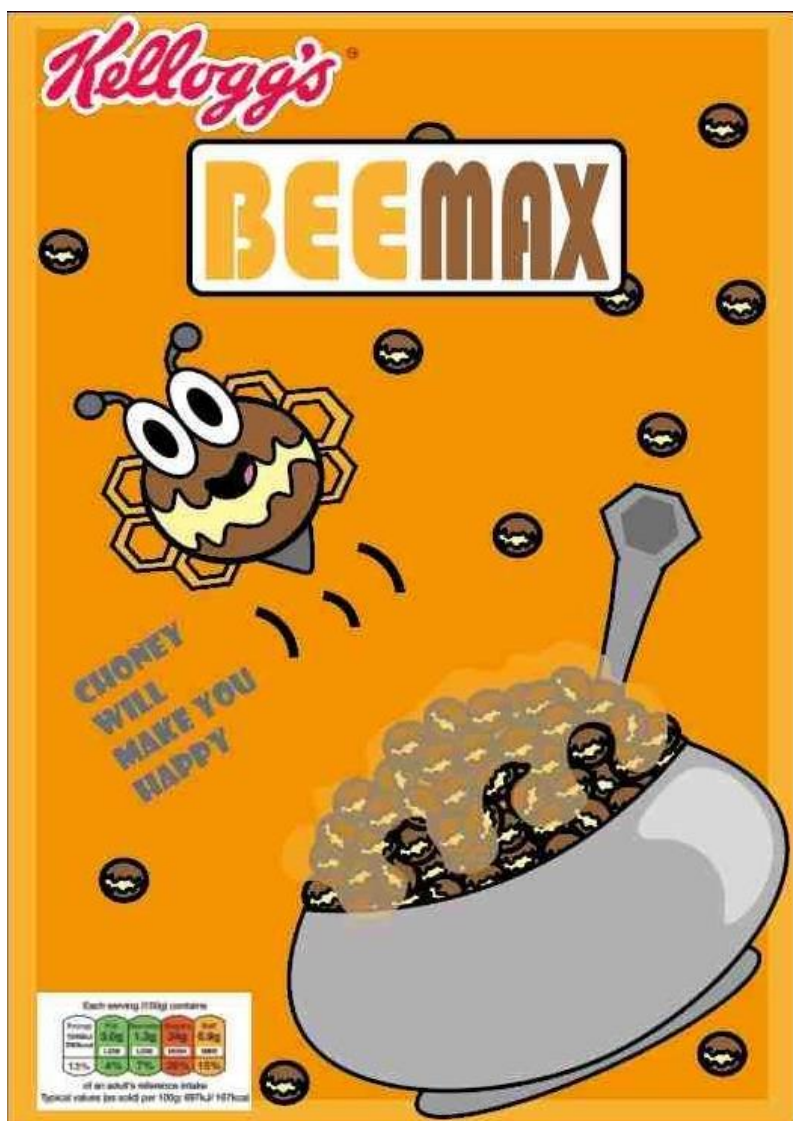

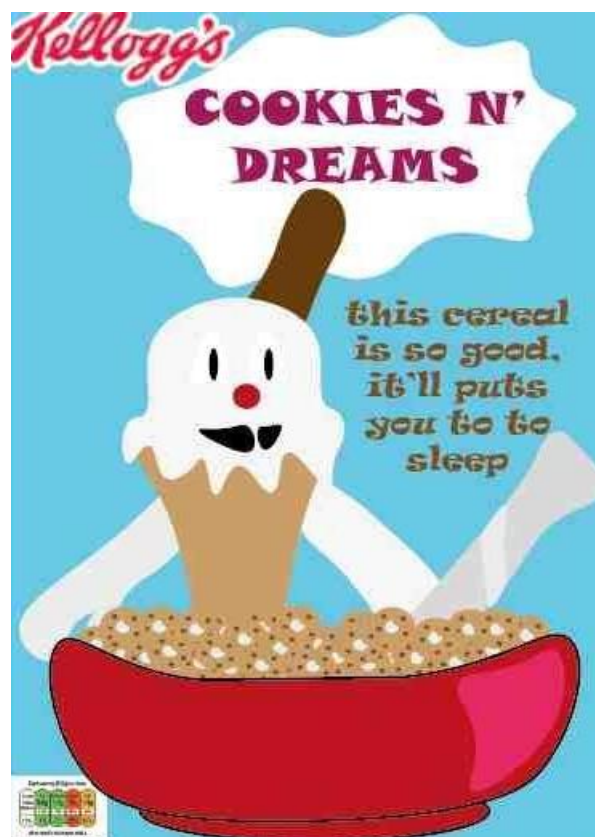

Compassion | Humility | Integrity | Justice

Tolerance | Forgiveness | Service | Holiness

In their recent term of Graphic Design, Year 8 students have successfully navigated the creative process, designing and producing their very own cereal boxes. Witness the culmination of their artistic endeavors as they bring their unique visions to life in this engaging project.

Graphic Design

Discover the exciting world of Graphic Design with the newly introduced GCSE program at Salvatorian College. Our students, predominantly immersed in digital graphic design and branding, harness the power of Adobe Illustrator to craft captivating designs, all neatly compiled into their digital portfolios. Below, we share excerpts from the remarkable journeys of two dedicated students, Klaudisz and Irfanali from 10G, as they showcase their impressive work in the design of a soap brand during this term.

Photoshoot

All in all, the process of the photoshoot was pretty good, and I tried to make a perspective trick, though either the bottle or the box was out of focus. I could theoretically photoshop them together, but it would feel like an empty victory. Below are the two images. I would have to take the picture from a ground view too, but I'm unfortunately not Ant Man.

Geosmin NEO Summary

Salvatorian College: The School of First Choice

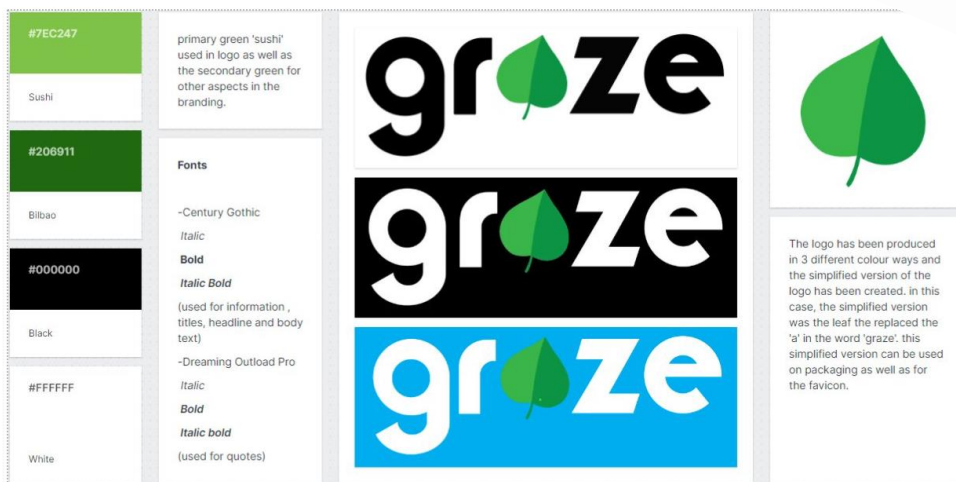

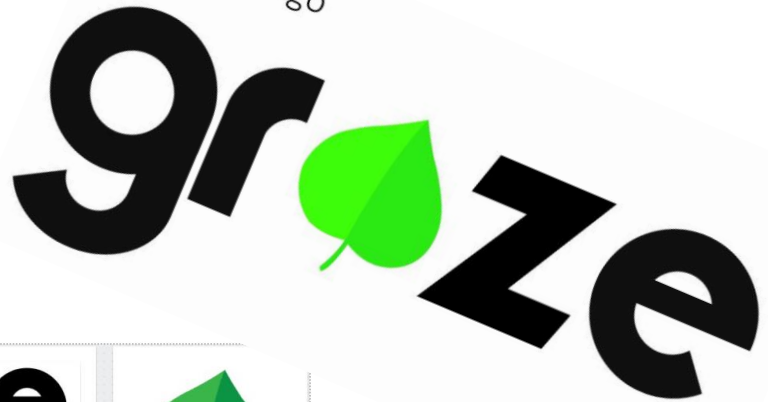

Compassion | Humility | Integrity | Justice

Tolerance | Forgiveness | Service | Holiness

Graphic Design

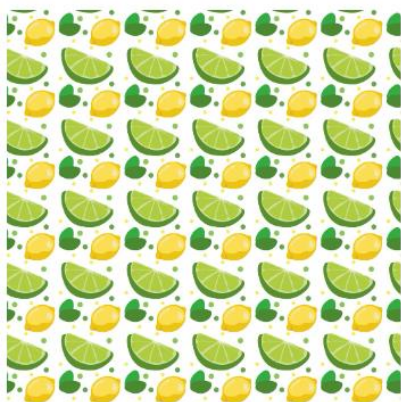

Finished logo

This was the box design to house the soap product for the photoshoot. I found a rectangular box layout to which I added my pattern, logo and information as well as a barcode to show how it was an official product. The box is meant to show all the information as none can be fit on the actual soap.

This is my logo, it is meant to highlight the themes of the company and represent the kind of products that my company 'Graze' makes.

This is the pattern that was created for the lemon and lime soap. This is the design used on the box as well as the wrapping paper (tissue paper). It shows the ingredients and flavours that the soap is meant to smell like. I used images of real fruits and created simplified versions of them which would be appealing on a smaller scale.

This lemon is the sticker created to seal the wrapping of the soap in tissue paper. Lemon from pattern.

This was the study done of a perfume bottle before I decided on creating a soap bar as my product.

History

A Journey Through History: Exploring the British Empire and Migration to Britain - Canishias Jusay, 9C

Introduction:

This term at Salvatorian College, Year 9 pupils delved into the rich tapestry of Britain's history, with a specific focus on the British Empire and its profound impact on migration. Guided by the questions, 'How should we interpret the British Empire?' and 'Why have people migrated to Britain over time?', students embarked on a captivating exploration of historical events and their enduring consequences.

The British Empire:

The British Empire, once a colossal force spanning 13.7 million square miles, captivated students' attention. Discussions centred on the characteristics of a 'good' empire, drawing from historians Richard Gott and Niall Ferguson. Pupils grappled with the empire's complexities, analysing diverse sources and gaining insights into its foundation, particularly its influence on India and subsequent decolonization in African countries.

Migration to Britain:

Transitioning seamlessly, students shifted their focus to migration to Britain, unravelling the push and pull factors that shaped the movement of people to Britain. From the Viking invasions seeking economic opportunities to the myriad of religious, ethnic, and societal influences leading to migrations like the Irish Potato Famine, pupils explored the multifaceted reasons behind people relocating to Britain throughout history.

Key Themes and Keywords:

Throughout the term, students encountered key themes such as empire, colony, missionary, mutiny, self-government, and migration. These concepts served as the building blocks for understanding historical events, fostering critical thinking, and guiding students through a nuanced exploration of the past.

Conclusion:

As Year 9 pupils at Salvatorian College conclude their term-long journey through history, they emerge with a deeper understanding of the British Empire's complex legacy and the intricate tapestry of migration to Britain. This exploration not only equips them with historical knowledge but also nurtures their ability to analyse, infer, and appreciate the diverse factors that have shaped the course of history.

Mathematics

From the 6th to the 10th of November this year, we celebrated the Number Confidence Week. It is aimed at helping people get the support they need to improve their number skills. To commemorate this event, the Maths Department asked students to engage in an essay-writing competition that would unravel the tales of their numerical conquests over time. The call echoed far and wide, and the Department received nearly 200 essays from aspiring mathematicians, each poised to articulate their personal story through the lenses of numbers.

To immortalise these tales, a selection of these numerical chronicles found their way in the pages of the Salvatorian magazine, and are reproduced verbatim in the pages below. The full list of winners alongside the associated prizes will be announced by Ms Morrell on Friday 1st December 2023. Enjoy the read.

Pragati Seyeranman
Maths essay

Math is a very important subject to me and I love it very much. I love doing math everyday and love the teachers who teach it. I know for a fact that I am very smart at Math. My teachers have been kind to me and have taught me a lot of new skills in the world of Math. Primary School has taught me the foundations of maths like counting, adding, subtracting, multiplying and dividing. My primary school has made me get full marks on every single math test and tournament that has ever happened. I have made a very big personal growth in learning and achieving to my maximum extent. My experience throughout the years with math is that it helps me in real life and is enjoyable because you can work with your friends to solve a question/ riddle. I really like when teachers post homework on Mamwatch because it's a fun website to learn and do my homework on. Salvatorian has been the start of getting my math knowledge to a grade 9 and my road to GCSE's so that I can get top marks. Salvatorian College have the most knowledgeable and most coolest teachers, two in particular MR F BANJI and MR OGUNJUYIGBE. My math journey has been very fun and will continue to

Jacob Mucahy 7T 24/11/23

When I started mathematics I really didn't enjoy it and everytime I was scared ~~and worried~~ because I struggled in every subject of Maths for example: fractions, Division and percentages. As I gradually got older I started really loving times tables and I started getting better and better. Until SATs came, I was so nervous but I was determined to do well so I started studying and ~~stud~~ studying until the test came, but I got through it and got a brilliant score. I continued studying until I started Salvatorian College maths but ~~(high school)~~ I got the best teacher ever Mr F Banji he helps me so much and even helped me get a B- when I was supposed to get a C. ~~and~~ But recently I've been really ~~struggle~~ having a hard time because we're learning about standard form and fractions and I really struggle on them. ~~but I +~~ But I'm going to keep studying so I can improve on those areas of mathematics. I'm really happy because I have another fabulous teacher to join Mr F Banji it's Mr Wu he's so nice and positive and ~~love's~~ loves what he teaches not because he has to same with Mr F Banji and I have true hope they will both help me get through high school with flying colours and I'm very sure they are going to. I'm just so happy there ~~their~~ my teachers and I will get better and better with these teachers ~~in~~ in my life. I'm so thankful!

Exploring the Flavors of Spanish and French Cuisine

Spain and France are countries known for their history, art, and most notably, for their own distinct flavors. Whether you're studying Spanish or French or simply love the joy of eating, the dishes of Spain and France offer a fantastic way for you to engage with the wider world.

¡Bienvenidos a la Cocina Española!

¡Buen provecho! (Enjoy your meal!)

Paella - Spain's Signature Dish - When you think of Spanish food, the iconic "Paella" springs to mind. Originating from Valencia, Paella is a colorful dish of rice, saffron, a variety of meats, or seafood, and an assortment of vegetables. The key to its rich taste is the 'socarrat' - the crispy layer of rice at the bottom of the pan.

Try saying it in Spanish: *¡La paella es deliciosa! (The paella is delicious!)*

Tapas - A Little Bit of Everything - Moving to the heart of Spanish cuisine, "Tapas" are small, flavorful appetizers that range from olives and cheeses to calamari and 'patatas bravas' (spicy potatoes). Tapas aren't just food, they represent a social dining experience meant to encourage conversation.

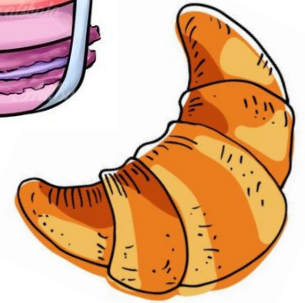

Churros Con Chocolate - The Sweet Side - These long, fried dough pastries dusted with sugar are Spain's answer to donuts. Dip them into thick, hot chocolate for an indulgent treat that satisfies the niños y adultos alike!

Say it in Spanish: *¡Que rico! (How delicious!)*

Gazpacho - Refreshing and Cool - This cold soup made from ripe tomatoes, fresh vegetables, olive oil, vinegar, and garlic is served in summer and is as refreshing as it is healthful.

Spanish Phrase: *Gazpacho es perfecto para el verano. (Gazpacho is perfect for the summer.)*

"Bon appétit!" - a phrase that's synonymous with the joy of eating, especially when it comes to French food. French cuisine is filled with rich flavors, diverse textures, and a certain *"je ne sais quoi"* that sets it apart. The French love eating out, so everywhere you encounter bistros, bars, streetside cafes and restaurants.

The Art of Pastries: Pâtisserie Parfaite - Enter any French bakery, and you'll meet the sweet aroma of buttery **croissants** (typically used for breakfast or filled with ham and cheese for a more filling meal later during the day) and colorful **macarons**. Macarons are the delicious sweet cookies filled with butter cream. Macarons come in many colours so you can distinguish on the taste of the filling such as pink for raspberry taste, brown for chocolate, yellow for vanilla or lemon, green for pistachio, blue for blueberry.

Les crêpes - sweet treats. The French pancakes are very thin and filled with chocolate sauce or fresh fruits. Sometimes they are enjoyed with savoury fillings. Crepes are very tasty, even when only sprinkled with sugar and folded.

Le Fromage - The French are known for their love of cheese. Brie, Camembert, Roquefort, and Comté are just a few of over 1,000 varieties of "fromage". Each region of France has its own specialty, and French people take great pride in their cheeses. Eating cheese in France it's an experience - preferably enjoyed with a slice of baguette and a dash of fig jam.

Coq au Vin - a classic French stew, combines chicken, wine, mushrooms, and sometimes even lardons (small strips of bacon) - a perfect dish for those cooler evenings.

Bouillabaisse - Seafood lovers would adore "Bouillabaisse", a traditional Provençal fish stew that originates from the port city of Marseille. It's a flavorful infusion of fish, shellfish, and aromatic herbs and spices.

Sweet Sensations: Les Desserts - No French meal is complete without dessert. "**Crème brûlée**" is a creamy custard topped with a layer of hard caramel - a perfect mix of textures. Another favorite is "**Tarte Tatin**", an upside-down pastry in which the fruit (usually apples) is caramelized before the tart is baked.

At Christmas Fayre we invited you all to take a bite of culture and taste some of the rich flavors of French and Spanish cuisine. We are looking forward to seeing you again in summer.

Music

On a brisk November morning, the GCSE music pupils in years 10 and 11 journeyed through the deep, dark depth of the Bakerloo Line for a day of culture and education.

Emerging from the tunnels below, the boys alighted to a bright blue sky, framing the striking Brutalist architecture of the Southbank Centre. Here they were joined by a mass of likeminded musicians attending the London Symphony Orchestra's Brightsparks Concert, set in the beautiful concert hall. They were treated to a world class orchestra playing a repertoire that ranged from Beethoven's Fifth Symphony to the Lord of the Rings soundtrack. Interspersed amongst the music was a challenging quiz, testing the pupils' knowledge of musical terminology, devices and techniques. The main theme from Pirates of the Caribbean was particularly well received by the group and indeed, the reaction to this piece of music from one boy perhaps summed up the concert as a whole: "this slaps."

The group trailed out of the hall, climbing down from the nosebleed seats they'd been assigned in a random lottery, and back into the cold. One unsuccessful search for a Polish sausage stall that Year 10 were certain was just around the corner later, it was time to once again descend into the Underground and make the journey home north. For many of the GCSE music boys, they had just heard their first orchestra- hopefully of many- and they made their way home tired but inspired.

Salvatorian College Charity Fun Run – July 2023

On 19th July 2023, Salvatorian College held a charity fun run at Bannister's Outdoor Stadium. Over 70 staff and students participated, completing a 5km run around the track. The event was a huge success, raising a total of over £1500 for charity.

Congratulations to Ayomide Oluwole, a student in year 9, who raised over £150 by himself. This is an incredible achievement, and it is clear that Ayomide is passionate about helping others.

The fun run was a great opportunity for the Salvatorian College community to come together and support a worthy cause. It was also a chance for students and staff to get active and enjoy the outdoors.

The money raised from the fun run will be donated to two local charities. The charities were chosen by the students and staff of Salvatorian College, and they are causes that are close to our hearts.

Congratulations to our winner of the Nike football boots raffle. A total of £178 was raised for our chosen charity Comfort Cases UK. Thank you to Mr John for the donation of the prize.

The purpose of this fun run was to raise money for Caritas, St. Joseph's Pastoral Centre and Comfort Cases UK.

Caritas St. Joseph's assist parishes to find and reach out to people with intellectual disabilities and to help them to find a place at the heart of the parish. They support people with intellectual disabilities, their families and friends.

Comfort Cases UK aim is to inspire communities to bring dignity and hope to youth in foster care. On any given day, there are over 108,000 children in care looked after away from home in the UK. Most of them are removed from their homes with little more than the clothes on their backs with an estimated 30,000 moved around the system every year. Many have little except for the clothes on their backs. If they do have any personal belongings, they often don't even have their own bag in which to carry them.

The Salvatorian College community would like to thank everyone who supported the fun run, either by participating, donating, or helping to organise the event. It was a truly special day, and it is clear that the Salvatorian College community is committed to making a difference in the world.

We will be holding a Fancy Dress Festive Fun Run on Thursday 14th December so get your costumes ready and keep on running!

Salvatorian College Sports Day 2023

On 20th July 2023, Salvatorian College held its annual Sports Day at Bannister's Outdoor Stadium. Over 500 staff and students took part in a variety of athletics events, as well as tug of war, sack races, and a football tournament.

The day was a great success, with some truly inspirational performances from all involved. Students of all ages and abilities competed in the athletics events, which included sprinting, jumping, and throwing. There was also a variety of novelty events, such as the tug of war and sack races, which provided plenty of entertainment for the spectators.

The football tournament was a particularly exciting event, with teams from different year groups battling it out for the title of Sports Day champions. In the end, it was the game that emerged victorious, but all of the teams played with great spirit and determination.

The Salvatorian College PE Department would like to thank everyone who helped to make Sports Day 2023 a success. This includes the staff and students who organised the event, the volunteers who helped to run the events, and the spectators who supported their participants.

Sports Day is a great opportunity for the Salvatorian College community to come together and celebrate the importance of sport and physical activity. It is also a chance to recognise the achievements of students of all abilities, and to promote a sense of community spirit.

The Salvatorian College PE Department is proud of the success of Sports Day 2023, and looks forward to another exciting event next year.

Year 7 Football – Autumn Term 2023

Huge congratulations to the Year 7 football squad who won the Harrow Schools Football Tournament last week . Well done to everyone involved. Thank you to Mr Templeton and Mr Quilty for taking the squad.

The Year 7 football team exited the Middlesex Cup after drawing 1-1 with St Mark's High School. The team led 1-0 for much of the game but missed a number of chances to put the game away. St Mark's equalised with the last kick of the game and then ran out victorious following a penalty shootout.

Year 9 Football

Congratulations to the Year 9 football team who advanced to the next round of the Middlesex Cup after winning on penalties against Cardinal Vaughan School

Year 9 Football team lost 5-4 in a thriller against Hatch End. Despite missing 4 key players the boys put in a valiant display of grit and determination but could not quite claw back the deficit.

There was an intense clash in the Y9 Middlesex Round 2 Cup as Salvatorian faced Oakwood! 🏆

Oakwood took an early lead with 2 goals, but Salvatorian roared back, Nasrat converting a penalty.

Goalkeeper Jeffren, aka "The Cat," denied Oakwood's penalty! ⚽ In the second half, Nasrat leveled the score, and in the final minutes, a brilliant cross by Nasrat led to a tap-in by Amari securing a thrilling 3-2 victory for Salvatorian.

Tolerance | Forgiveness | Service | Holiness

Year 10 Football

The Year 10 football team put on a brilliant performance to beat their opponents 6-2 in horrendous conditions on 18.10.23.

The game was played in driving wind and rain, but the team showed great determination and skill to overcome the odds.

They took the lead early on through a well-taken goal. Salvo went on to dominate the rest of the first half, scoring two more goals.

The opponents pulled two goals back at the end of the first half, but the team never looked in danger of losing. They sealed the victory with a late goal to make it 6-2.

It was a brilliant performance from the team, and one that all involved can be proud of. They showed great character to battle through the difficult conditions and secure a convincing victory.

Whitmore 4 – 5 Salvatorian College

What an electrifying match it was! Our Y10 Salvatorian squad faced off against Whitmore in a League Football showdown that left everyone on the edge of their seats. Here are the thrilling highlights:

At halftime, Salvatorian was leading with a commanding 3-nil score. A spectacular hat-trick by Nasrat had the Salvo fans roaring with excitement. It was a performance for the books!

But the game was far from over. Whitmore mounted an incredible second-half comeback, showcasing their resilience and skill. They pulled off a remarkable turnaround, and with just 5 minutes left, the score stood at an intense 4-4.

With the clock ticking down and the tension palpable, Nasrat, our standout performer, secured the victory with a phenomenal free-kick goal. His fourth of the match, sealing a memorable 5-4 win for Salvatorian.

A special mention goes to Y9's Aryan, who put in a tremendous shift at right back, proving that talent knows no age.

This match was a true testament to the heart and spirit of our team.

Congratulations to all the players for their exceptional performance and determination on the pitch!

Year 11 Football

The Year 11 football team beat Hatch End 7-0 in the first game of the season. They then lost 2-1 in a great game against Uxbridge High in the Middlesex Cup. It was a phenomenal effort from the boys against a very good team. The team lost 3-2 to Whitmore in the Harrow league so they have to rely on other results to see if we qualify from their group.

Extracurricular Football

Year 7 extracurricular football started with phenomenal numbers in September.

Welcome to Salvo PE boys! We are looking forward to seeing their sporting journey. Thank you again to the staff and sports leaders who made this possible.

Year 7 Basketball

The Year 7 basketball team advanced to the semi-finals of the Harrow Schools tournament after winning their group. Well done to all the boys involved. We look forward to seeing how they will progress.

Date of the Fixture: 18/12/23

Venue: Salvatorian College

Teams: Salvatorian vs Hatch End

Result: Salvatorian 16 - 26 Hatch End

Man of the Match: Jayden K

Match Highlights:

A thrilling basketball showdown unfolded at Salvatorian College in the Y7 semi-final fixture between Salvatorian and Hatch End. Despite a valiant effort, Salvatorian faced a formidable opponent in Hatch End, resulting in a final score of 16-26.

Monster Effort from the Team:

The Salvatorian team displayed a monster effort to stay in the game throughout, showcasing determination and teamwork on the court. Every player contributed to the match's intensity, creating a dynamic and engaging spectacle for the spectators.

Excellent Tactics from Year 11 (Hamed):

Kudos to Year 11's Hamed for executing excellent tactics that almost turned the tide. The strategic brilliance on display nearly paid off, revealing the depth of tactical understanding within the Salvatorian team.

Congratulations on Reaching the Semi-Finals:

A shoutout to Salvatorian for their outstanding journey to the semi-finals. The team's hard work, dedication, and sportsmanship brought them to this stage, a commendable achievement to be celebrated.

Well Done to Hatch End:

Heartfelt congratulations to Hatch End for securing a well-deserved 26-16 victory. Their skilful play and sportsmanship contributed to an exciting and competitive match.

In summary, Salvatorian vs Hatch End was a battle filled with heart, skill, and tactical brilliance. Huge congratulations to Jayden for earning the title of Man of the Match. Salvatorian's journey may have reached its peak in this fixture, but the spirit and sportsmanship of the team continue to shine. Well done to both teams for an inspiring match! #BasketballShowdown #SemiFinals #TeamSpirit

Year 8 Basketball

The Salvatorian year 8 basketball team put on a brilliant performance at the Harrow Schools tournament on 17.10.23, reaching the final after winning all three of their group games.

The team, known as the Salvatorian Shamrocks, started the tournament strongly, beating their first opponents. They continued their winning streak in their second game.

In their final group game, the Shamrocks faced their toughest test yet, against a very strong team from Park High. However, the Shamrocks rose to the challenge and won the game.

This meant that the Shamrocks had won all three of their group games and qualified for the final. In the final, the Shamrocks faced Pinner High. The game was very close, but in the end, the experience of Pinner High proved too much and the Shamrocks lost. Despite the loss in the final, the Shamrocks put on a brilliant performance throughout the tournament. They played with great skill and determination, and they should be very proud of their achievement.

Date of the Fixture: 14/12/23

Venue: Salvatorian College

Teams: Salvatorian vs Park High Y8

Result: Salvatorian 29 - 14 Park High

Man of the Match: Theodore Siaw-Misa

Match Highlights:

Salvatorian's basketball team showcased a remarkable performance against Park High in a thrilling fixture held at Salvatorian College. The home team dominated the court, securing a victory with a final score of 29-14.

Individual Shooting Prowess:

Theodore's standout performance earned him the well-deserved title of Man of the Match. His excellent individual shooting skills were on full display, consistently contributing crucial points that significantly impacted the team's lead.

Great Energy:

Salvatorian exhibited exceptional energy throughout the match, both defensively and offensively. The players' relentless effort and enthusiasm resonated on the court, creating a dynamic and engaging game for spectators.

Teamwork:

The victory was a testament to Salvatorian's effective teamwork. Players demonstrated a deep understanding of each other's playing styles, seamlessly passing the ball and strategically positioning themselves to capitalize on scoring opportunities.

Tactical Brilliance:

Salvatorian's coaching staff implemented effective strategies that played a pivotal role in the team's success. The players executed tactical maneuvers with precision, disrupting Park High's game plan and securing a comfortable lead.

Year 9 Basketball

What an outstanding performance on the court! Salvatorian faced off against Whitmore in a thrilling Y9 Basketball showdown, and the highlights were truly something to celebrate:

Our team delivered a dominating performance, clinching a resounding victory with a score of 28-6. The energy and determination were palpable, and it paid off in a big way!

Special recognition goes to Aryan and Piragiv for their exceptional performance, showcasing their skills and dedication to the game.

Deeshan displayed brave defensive play and remarkable rebounding, contributing to our team's outstanding defense. 🛡️

Above all, it was a fantastic team effort that made this victory possible. The unity and collaboration on the court were simply remarkable.

Congratulations to the entire Salvatorian team for this fantastic win and for demonstrating the true spirit of teamwork and sportsmanship!

UK Wall Ball

The PE department is delighted to announce that Aryan Hirani has been selected to join the Junior GB Wallball Squad!

He will train with the squad for the next 4 weeks, before a final team selection happens the Junior European Championships in Holland (January 4th to 7th 2024).

Well done to Aryan.

Extracurricular basketball

What an amazing turnout for our first Ks3 basketball extracurricular club on Wednesday. Over 60 boys turned out from Year 7, 8 & 9. Thank you to the staff and sports leaders who made this possible.

If you would like to volunteer to help run a club or take a team for a couple of fixtures, please speak to someone in the PE department.

U.16 Volleyball

On the 9th November 2023, Salvatorian College hosted a volleyball tournament between three teams: Salvo A, Sacred Heart, and Salvo B.

Salvo A went unbeaten throughout the tournament, finishing top of the group. However, there were some great performances by all three teams, and the tournament was a closely contested affair.

Overall, it was a very successful volleyball tournament at Salvatorian College. Salvo A were worthy winners, but there were some great performances by all the teams. The tournament was a good example of the high standard of volleyball that is being played in the local area.

Standings:

Salvo A

Salvo B

Sacred Heart

Congratulations to Salvo A on winning the tournament!

Religious Education

The Religious Education department has experienced another successful set of exam results, where an impressive 53% of students achieved a grade 7-9.

Current Year 11 students, after completing their first round of mocks, are now diligently working towards sustaining and surpassing last year's successes. As Year 11 students navigate their mock exams, the focus is on refining their skills and addressing areas that may benefit from additional attention, ensuring that they are well-prepared for the challenges ahead.

During Black History Month, our Key Stage 3 pupils embarked on an enriching exploration into the life of Julia Greely, uncovering her impactful contributions and inspirational journey. Julia Greely, an inspirational figure who most believe has potentiality for sainthood.

Additionally, our exploration extended to contemporary expressions of spirituality through the lens of art. Pupils had the privilege of delving into the works of black artists Tyler Ballon and Titus Kaphar. These modern religious artworks, with their unique perspectives and creative interpretations, offered our students a bridge between historical narratives and the vibrant, evolving expressions of spirituality in the present.

Year 9 has been engaged in a thought-provoking exploration of the morality of war and peace, a topic that has gained heightened relevance given the current situation in Gaza. In light of these global events, our students are delving into these theories with a focus on understanding, analysing, and enhancing their perspectives.

The unfolding events in Gaza provide a real-world context that allows our students to apply the theoretical knowledge gained in class to current affairs. This hands-on approach not only deepens their understanding of the subject matter but also fosters critical thinking as they grapple with the complexities of ethical considerations surrounding conflict and peace.

In our recent studies, Year 8 students have delved into the fascinating realm of biblical miracles, as well as the exploration of modern-day miracles and apparitions of Mary. This immersive exploration provides students with a unique opportunity to marvel at the omnipotence of God, drawing connections between historical accounts and contemporary manifestations of the extraordinary.

The examination of biblical miracles offers students a deeper understanding of the divine interventions recorded in sacred texts, prompting reflection on the enduring significance of these events. Simultaneously, the exploration of modern-day miracles and apparitions of Mary invites students to consider the ongoing, tangible manifestations of faith and the divine in our contemporary world.

Year 7 students have been immersing themselves in the exploration of the Bible, delving into its rich history and learning the essential skill of Bible referencing. This foundational journey allows our students to develop a deeper understanding of the sacred text and cultivates the ability to navigate and cite specific passages accurately.

Science

Impact forces with year 11- Physics

Students have developed their understanding of impact forces by analysing the safety features of the car.

Some students had a look at the various companies that sell seatbelt adjusting mechanisms for pregnant people. Discovering that over the leg mechanisms are not actually safe.

Students designed, presented and tested a crumple zone for their car.

Dissections with year 10 & 11- Biology

Year 10 have recently learnt about the role of the heart in animals. Students were also able to successfully dissect the eye, find, remove and clean the lens.

GCSE BIOLOGY

The Heart

The purpose of the heart is to pump blood around the body to deliver substances required by cells and take away waste products.

Superior Vena Cava - Takes deoxygenated blood AWAY from the heart to the rest of the body

Pulmonary Artery - Takes deoxygenated blood AWAY from the heart to the lungs

Right branch of pulmonary Vein - Brings Oxygenated blood back from the lungs to the heart

Atrioventricular Valve - Prevents blood from flowing from the ventricle back into the atria

Inferior Vena Cava - brings deoxygenated blood back to the heart from the rest of the body

Semilunar Valves - prevent blood from flowing from the arteries (aorta & pulmonary artery) back into the ventricles

Another branch of the Aorta

DOUBLE

Blood passes through the heart twice in each cycle. e.g mammals

SINGLE

Blood passes through the heart once in each cycle. e.g fish

Christmas Fayre

Dear Parents and Community,

I am pleased to report the resounding success of our recent Christmas Fayre, an event that showcased the strength and unity of our school community.

The Christmas Fayre was a splendid affair, featuring an array of exciting rides and stalls that added to the festive ambiance. Notably, our students demonstrated remarkable creativity and entrepreneurial spirit through the establishment of unique stalls like 'Salvobucks,' run by the students of 9C. It is worth mentioning that these young entrepreneurs went above and beyond by designing and professionally printing their branding, a testament to their dedication and creativity.

The collective efforts and participation of our community were instrumental in achieving outstanding results. The event raised over £1500 in profit, which is truly remarkable. A portion of this sum will be allocated to a chosen charity, reinforcing our commitment to giving back to those in need. Additionally, we will make a generous donation to our Parent-Teacher Association (PTA), who did an exceptional job managing the Tombola and raffle, contributing significantly to the overall success of the Fayre.

I extend my heartfelt gratitude to all of you who attended and contributed to the success of the Christmas Fayre. Your presence and support make a profound impact on our school, and we appreciate your continued involvement.

As we look forward to future events, I am excited to announce that our next gathering, the Summer Fayre, will take place in July. I hope to see you all there for another memorable occasion.

Once again, thank you for your unwavering support, and let us continue to build a strong and vibrant school community together.

Warm regards,

Mr. James

E-Praise

"Our school's E-praise system offers an exciting opportunity for students to exchange e-praise points, earned from teachers, for fantastic prizes and school-related items, all while having a lot of fun along the way! In the spirit of the holiday season, this year we organized a thrilling Christmas E-praise Competition with a coveted prize - an iPad. We are delighted to announce that Lahmim, a Year 10 student, emerged as the winner on the final day of term, and this achievement was celebrated during our line-up. Congratulations to Lahmim! Below, you can find our latest leaderboard, showcasing the top-performing students in the E-praise program."

Top students

1. 🍌 Tayana Kwari (7A) (90)
2. 🍌 Adorian Toma (9B) (68)
3. 🍌 Luis Bodnari (8B) (66)
4. 🍌 Ugonna Eziefula (7F) (61)
5. 🍌 Jacob Mulcahy (7T) (60)
6. 🍌 Veer Patel (8F) (55)
6. 🍌 Abbas Hashim (7C) (55)

Good Manners

Good Manners Literacy Competition

The Good Manners programme is based around our school values of Integrity, Compassion, Humility, Justice, Forgiveness, Holiness, Tolerance and Service.

In collaboration with the English department, students in Key Stage 3 were given the opportunity to either write a poem or craft a Greek myth with a powerful lesson about compassion. The following students were most successful at skilfully weaving the theme of compassion into their work, and they have their poem or story published in this school magazine; they also received a £20 Amazon voucher to reward them for their efforts:

Shai Hirani 7T 'Greek Mythology – My Myth'

Veer Patel 8F – poem on Compassion.

Congratulations to these students for their hard work and a special thanks to Miss Hickmore and the English department for coordinating the competition.

Miss Ward

Good Manners Programme

Compassion is a virtue that's rare, It's a feeling that we all should share. It's the warmth of a hug, the touch of a hand, It's the act of kindness that we all understand.

Compassion is the light that guides us through, The darkest of times, when we feel blue. It's the hope that we cling to, when we're lost, The love that we give, no matter the cost.

Compassion is the bond that ties us together, It's the thread that weaves through every endeavor. It's the strength that we draw from, when we're weak, The courage that we find, when we're meek.

Compassion is the gift that we give to each other, It's the balm that soothes, like a mother. It's the smile that we share, when we meet, The joy that we feel, when we greet.

Compassion is the essence of humanity, It's the soul of our being, the purity of our sanity. It's the light that shines, in the darkest of places, The hope that we hold, in the saddest of faces.

Compassion is the key to a better world, It's the flag that we wave, when we unfurl. It's the dream that we dream, when we sleep, The promise that we keep, when we weep.

Compassion is the heart of our existence, It's the love that we give, without resistance. It's the bond that we share, with every living thing, The hope that we have, for a better tomorrow, that we sing.

Good Manners

Shai Hirani 7T

Greek Mythology – My Myth

There was once a Kingdom called Spartikal Island, it was home to humans, nature and various species of animals. This Island had a protector, the god of peace and nature, his name was Scynthopis. Although a god, he looked like a fierce warrior. He was a very muscular and tall man with bright blue eyes and ginger hair. He always looked perfect with his various colours of armour. He was a very helpful and generous god who usually went out of his way to help those in need by using his powers to grow crops, to bring crops back to life if they had died and made sure everyone on Spartikal Island was living a happy and peaceful life. The people of Spartikal island were all kind and respected one another.

One particularly lustrous day – where the sun was beaming down on the island and the people were going about their daily routine of tending to their crops and families – the radiant sun suddenly vanished. In its place came dark grey clouds, misty air and terrifying thunder. Frozen. Terror-stricken. Everyone ran for their lives. The only sounds that could be heard were the cries of the villagers. The noises were spine-chilling. In the distance, there was a glimmer of hope in the form of a beautiful sparkle, who people thought was Scynthopis. As it came closer, the horror became clear. A dark figure could be seen viciously slaying anyone who stood in his path. Through a small break in the clouds, its body became visible. It was a weird looking character with interesting branding all over its body, some of which looked like ancient Greek symbols. It also wore blades sharp as a shark's tooth. As it got closer one of the brandings on his back said 'Ocixem' and this was the name of the sinister figure who was causing havoc to all the people.

Scynthopis then heard about this and went off to brawl with this villain. He went off and flew with his majestic wings quickly as a cheetah. While he was flying, he could see Ocixem killing more and more people at the second. As he landed on the ground with so much force the ground Shaked all over the island. Suddenly, Scynthopis charged at Ocixem with so much power that he fell to the floor. By this Ocixem got furious and decided to pull out his glimmering blades and try to kill Scynthopis. The battle was end to end until Ocixem became outraged and decided to bring Scynthopis to the ground with his powers, Ocixem tried to save himself from harm but Scynthopis striked him with his foot into the ocean of Spartikal. The people of the island were thrilled for this victory and the end of harm to innocent beings.

A decade later, in local market a young boy was fetching food for his mother, the stall he arrived too was run by a character whose face was covered in tattoos however there was a distinct tattoo that was recognisable from the tales his mother had once told him about, this character was Ocixem. The young boy ran back to his village claiming he had seen Ocixem, the news travelled fast and quick to Scynthopis. Scynthopis did not believe this to be possible, how could it be when he saw with his eyes that he fell into the deep ocean, how dare he return. What were his intentions to return. Scynthopis decided to visit the market and stall, the young boy was right although this character was unrecognisable to be Ocixem, his distinctives tattoo on his arm claimed him to be. Scynthopis approaches him and advises he knows who he is even with his unidentifiable face. Ocixem looks up scared witless that he has now been known to be alive. He then admits his wrong dues and believes he was given a second chance to correct his wrong doings, hence why he returned peacefully to the island to serve the people. Scynthopis then understood this and gave Ocixem another chance to serve with him and make sure the island is safe. Ocixem happily accepted this and they came together as one.

Youth Club

Students, supported by teachers, now run Youth Club. This means students get a big say in the planned activities. They set up the spaces for students to enjoy. Students run the tuck shop, games hire station and registration. Students also now run the cinema room and Art Space, choosing the films and activities for that week.

You can play any games or sports you wish! Currently, we have three snooker and pool tables, six table tennis tables, Fuzzball, air hockey, and video games such as PlayStation, Wii and Nintendo. Students are free to rent and use any of these stations during Youth Club. They need only their membership card. If you fancy a quiet break, you can head over to the cinema room which features a different film every week.

You can have fun developing skills! Take a trip to the Art room to learn some painting, or the hall to have some piano practice, or even a cooking session to learn how to make a new tasty treat! The decorated cookies are always excellent!

And of course, the trips!

You can expect to attend Bowling, Treasure Hunts, Winter Wonderland, Theme Parks, Football Matches and the Theatre! To join Youth Club, either fill out an application online via the school website or speak to Mr James to receive an application.
